

**Inventories Stocktake**

I can confirm that the below summarises the results of the full inventory stocktake carried out by Jason Eley and Giles Cuss at CAE Evora in October 2019.

	EUR
Counted RMS inventory	405,628.70
Additional simulator spares counted	<u>1,170.00</u>
	<u>406,798.70</u>

All inventory on site at CAE Evora was counted.

I can confirm that these inventory parts are appropriate and able to be used in the maintenance of the aircraft and simulators located at and again verified to be on site at CAE Evora, as part of this site visit.

In my opinion, the cost amounts of the inventory included in the attached lists are representative of the current market values of these parts.

A handwritten signature in black ink, appearing to read 'J. Eley', positioned above a horizontal line.

**Jason Eley**  
Aircraft Maintenance Engineer  
CAE FTO Civil Aviation Training

A handwritten signature in black ink, appearing to read 'Giles Cuss', positioned above a horizontal line.

**Giles Cuss**  
Operations and Maintenance Manager EASA
